TEMPERANCE CELEBRATION.

The young sons and daughters of Temperance, united in their first celebration yesterday, at Dingles Grove. The day was bright and lovely, all nature seemed to smile and spread its favor and blessings upon them. Their bright eyes and glad faces manifested a consciousness of a good begining in a good and noble cause, as they passed in procession, clothed in wreaths and flowers, Regalias and emblems of Temperance, we thought of the truthful The young sons and daughters of perance, we thought of the truthful country.

As a Spring Medicine, Dr Tutt's Sarsaparilli and Queen's Delight has no equal.

We gratefully acknowledge the receipt of a nice little box of Strawberries from our enterprising Townsman, C. H. Moise. They were unusually large and delicious in flavor, grown, as we are informed by Mr. M. from what is known as the common Stock, improved and ma tured to perfection by scientific culture. The same gentleman, has for several days past, been luxuriating upon new peas and other good things of his own production.

CLARENDON PRESS.

Our worthy neighbor, the Clarendon Iress, recently completed its third year, under encouraging circumstances. We congratulate our friends-its proprietors and conductors-upon their successful battlement of the many difficulties which beset a new news paper enterprise, and we are pleased to know that the good people of Clarendon, place so high estimate upon their services. We trust that yet greater prosperity is before them.

THE NOTORIOUS BLI MACK

Who was some years ago sent to the Penitentiary from this county for stealing cotton, made his escape about about twelve o'clock Monday last, armed with a double barrel shot gun loaded with buckshot, and went directly to the jail to see his brother now confined therein, and awaiting his trial for a similar offence. While in conversation with his brother, Butler Spears, and Andrew Jackson, State Constables, made a dash upon him, seized hold at his gun. He being a very stout atheletic man, succeeded in wresting it from them-inflicting a severe blow upon the head of Jackson, and then fied; Spears in the meantime firing several these at him. COUNT THE COST.

A day's ride in almost any part of our country Spring Goods, which they offer at low will show more than one practical illustration of the man who commenced to build his castle without counting the cost. Men often leave out of their calculations such little matters as doors, pointed by the Governor as Trial blinds, sushes, mouldings, &c. and in the end find no comfort in the house which they have built.
